## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 9-17 and 19-20 are allowed (renumbered as 1-11).
2. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest, in the claimed combination, a parking space locating system comprising:

at least one vehicle detector disposed proximity to an associated parking space and configured to output an occupied/vacant signal along with an associated space identifier according to whether the vehicle detector detects that a vehicle is presence/absent in/from the associated parking space respectively;

a central processor (26) in communication with the at least one vehicle detector via at least one communication link;

wherein the central processor is programmed to receive at least one of the occupied/vacant signals along with the associated space identifier and maintain an updated database of the occupied/vacant signals along with an associated space identifiers:

wherein the central processor integrates the database with geographical map data including a geographical area of the parking space and generates an electronic street map which is capable of being displayed on a standard computer device screen as a graphical map, the graphical map having sufficient detail to distinguish individual parking spaces, wherein the occupied/vacant signal is indicated at a corresponding location on the graphical map;

wherein the central processor is further programmed and configured to quickly communicate updated graphic map data structures including updated occupied/vacant signal indication to a network.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
